Tonight on item 8.8... City Council voted to terminate this agreement with DR Horton.

One it isn't a good move for the city from a financial burden.

Also, if DR Horton wants to create a city and stress the infrastructure of our current residents to carry that burden then it is prudent for us as the elected officials to protect the citizens we represent now.

Today at Commissioners Court they voted 4-0 in denying the Plat for DR Horton...

I can't report that we were all in favor but we voted 4-1 to protect the current citizens of McLendon-Chisholm in terminating this contract. One Councilmember did vote no... wanting to not terminate this contract.

Yay - Dan Tucker, Paul Day, Jerry Brewer & Mike Easter

Nay - Floyd McLendon

8.8.	Discuss and consider terminating the Fire Protection Agreement between the City of McLendon-Chisholm and River Rock Trails Municipal Utility Districts of Rockwall County. (Mayor McNeal)	39 - 52
	Fire agreement River Rock

McLendon-Chisholm... today at Commissioners Court the Commission voted 4-0 to deny the items pertaining to DR Horton!

I would urged EVERYONE to go and watch this discussion item and the points so perfectly stated by Commissioner Stacy!

When you have a developer looking to circumvent the system and put residents at risk with flooding and going around doing what is required... it should send the mess to exactly what we will take on as a county and city.

Meaning we will own the issues left behind... they will put the dollars before the people...

Judge New echoed Commissioner Stacy as well as the other Commissioners there by voting this down!

When I ran for Mayor... I ran on transparency and the fact that I know the choices I make and the positions that I posture the city of McLendon-Chisholm can not only impact our city... our neighboring cities... the ETJ... unincorporated areas and the county in a whole.

While working with the area Mayors it is evident that us being a unified front is what will protect our city and county from high density development... preparing for infrastructure that benefits us all... water needs and so much more.

Communication is what we set in motion as Mayors... and since May... the Mayors of Rockwall County as well as the Mayors of HD33 have spoke in unison on being a voice for the people in our cities... county and district!

The County Judge is working with the Commissioners of Rockwall... the Mayors and State Rep Elect Katrina Pierson... State Senator Bob Hall in making sure we are prepared as a unified county with the cities leading the charge!

Each city has its own needs and issues... and by working with one another we can find ways to address them and make sure that Rockwall County is what we all enjoy... no matter the city within!

Proud to be able to fight for McLendon-Chisholm in a way that will set us up for great success while also keeping MC what we all know in our city today!
