Today at Commssioners Court in Rockwall... I spoke again on the concerns with DR Horton and the impact it would make in our city of McLendon-Chisholm...

My promise to the people was that I would work to terminate the contract to provide Fire Services to this MUD. Which on July 9, 2024 this vote was presented to the Council and passed with a 4-1 vote...

However, DR Horton continues to present themselves to the Commissioners Court that they have not be notified... they didn't know... we still have a contract and every other excuse under the sun... except the accountability of their failure to reach out to myself in reference to this...

Today the Commissioners again sent a clear message and voted NO and cited several issues that should be addressed.

As promised I will continue to fight for the citizens of McLendon-Chisholm in reference to this and will continue the partnership and commitments made to the Commissioners Court in doing so...

The crazy thing in all this is... they have been invited to the table to talk... they just refuse to come!

As Dan Bongino says... "Cutesy Time is Over!"

Here is my statement from today...

COMMISSIONERS COURT 6/3/2025 DISCUSSION D.R. HORTON IMPACT TO MCLENDON-CHISHOLM

**ood morning Commissioners and Honorable
udge New... I wish I could just come down here
nd not have to speak on D.R. Horton... but yet
ere we are... so if you will indulge me... I am
orced to talk about D.R. Horton...**

**his has become a Shampoo Bottle of sorts... it
eems like its wash, rinse and repeat with you and
our company and the representatives you send
own here each time... you have the (presumably
elf-appointed) title of Americas Builder... but in
act... you are simply Americas Homebuilding
ully! You have had more opportunities to come to
he table and resolve the dispute we clearly have...
nd find solutions... yet... nope... you seek to prove
point to the County of Rockwall and the citizens
f MC... which explains of course you do not even
now what the right thing to do is or even how to**

Commissioners and Judge... I think it is relevant to point out how duplicitous Horton is... they claim we are breaching a contract on one hand... yet... you may not be aware D.R. Horton has a MUD on Poetry Road within our ETJ... did you know that MUD has the very same agreement with MC where they pay us for EMS SERVICES! Did you know that they are not meeting the terms of that agreement currently? They are to pay the city of MC WITHOUT notice... yet that isn't the case... let me explain this... the only payments that we have received have been substantially late... in fact... almost a full year! And that is with the city reaching out and reminding them numerous times... speaking of... let me remind D.R. Horton now... the city hasn't received the last check either from last month. Based off past experiences... I am pretty sure my staff will have to continue to reach out on late payments! I can assure you of this... D.R. Horton wouldn't tolerate late payments... a private business would not tolerate late payments... yet here we are... D.R. Horton, would you hold

However... after the elections in MC in 2024 YOU... D.R. Horton chose to leave the city and come down here to the county... I am guessing that election didn't go the way you had hoped... because my first action as you have been notified of a number of times was to terminate the contract... and on July 9, 2024 in a 4-1 vote... we did just that!

Now, let me again site this for a reference in how the cities communicate... we speak through Ordinances, Resolutions and Minutes... it is very simple. I site City of Austin v. Whittington... citing Horton v. Mills Cnty...

Now, I am not an attorney but that is basically in laymans terms saying from me to you... we voted to say no... NO MORE CONTRACT!

I also, believe you had numerous conversations through email with our City Attorney advising you of this... you were told by our City Administrator at the time Konrad Hildebrandt... that we voted to terminate. I believe even this very court has told

So this brings us to the crux of our point... as when we voted to terminate the agreement we did so... ONE AND A HALF YEARS PRIOR TO IT BEING EFFECTIVE... what have you done during that time D.R. Horton? I feel confident your attorney advised you of YOUR DUTY under law to mitigate any damages you may have (which when you had a year's notice and chose to sit on your hands... I

Thank you to Judy for having myself and Lorne over to talk about issues that impact the City of McLendon-Chisholm and its residents...

We spoke on the Outer Loop... River Rock (DR Horton)... infrastructure and the future of MC...

The questions were thought out and good... allowed deeper perspective and insight...

It is paramount that the elected officials in Rockwall are teamed up and impactful in all they do at this moment...

With the changes in Austin in legislation it is a true team effort to push through to make sure we remain on the same page with development that is smart for our city...

Partnering and maintaining constant communication with our Commissioner Lorne Liechty as well as all on the Commissioners Court is vital...

I am proud of the work they do each day to keep our county in order...

Thank you to all the people that came out tonight to have healthy input on the city and its future!!!

MONDAY WITH THE MAYOR...

Hold on to your seats... this month we will have our very own...

COUNTY JUDGE FRANK NEW

Joining us at 5013 in Heath on 7/28/25 from 8am-9am!!!!

This is a great time to come and have one on one time with the County Judge and ask questions on anything county related...

Many have just seen the news report about DR Horton suing our County... this is the man that has been fighting in his words... "with a toothpick on a battlefield!"

The City of McLendon-Chisholm as many saw in July of 2022 cancelled the Fire Contract that was an essential piece for DR Horton... but threatend our response to the citizens of MC for Fire Protection...

The oath that we take as elected is to protect the health, safety and welfare of the citizens and our communities...

Come join me and Judge Frank New!!!

Show up and show support as the County Judge continues to serve with honor the citizens of Rockwall County!

THIS IS ONE YOU DONT WANT TO MISS
