Frank New, Republican for Rockwall County Judge is the main elected official in Rockwall county standing up the big developers that keep pushing for high density housing. If the developers get their way traffic will only continue to get worse.

I would like to see Frank reelected based on the work to date I know he's already dove into head first ! It's hard to accomplish much in such a short time, but I feel he has a good grasp on important issues at hand ! electing another to pick up where he would have left off is a large setback for new blood to start over !

Kevin Busher what's even worse is that the person running against him wants that subdivision to come in in the 7000 homes and all the problems that will create. Just look at who funds the competitor.

Bryan McNeal Mayor of McLendon-Chisholm maybe we should look at who our cities are choosing to work with and stop driving business to some of them too that have interests against those of the constituents too!

Michael Zilinskas Anyone who wants the receipts on who is donating to his competitor, just ask. We need to get out and vote for Frank in March! If he does not win in March, he will NOT be on your ballot in NOVEMBER. THE MARCH PRIMARY IS THE REAL ELECTION! Tell a friend, tell a neighbor! The future of Rockwall County is up to us. Will we let developers run our cities and counties or will WE THE PEOPLE rise up and support our own? Developers have lots of money, but we have word of mouth if we would only open our mouths and use it. Developers cannot buy the word of mouth that comes from talking to your circle of influence. LET'S GET THE WORD OUT FOR FRANK! And if you can, DONATE. Developers are well funded and they are NOT backing Frank, SO WE NEED TO!.

Michael Zilinskas You know, developers buy city and county candidates the way Soros buys DAs. The question is ARE WE GOING TO LET THEM GET AWAY WITH IT? Not on my watch....

Will Blanchette no I will not. You can request a copy of that letter through a PIR at City Hall.

So being we discussed that in ES you are not privy to that discussion.

Have a good day.

Clark Bowering transparency on a legal discussion in Executive Session...

Clark and Will... you should know better...

Why would a Mayor... discuss on Facebook... about what was discussed in Executive Session... on a letter from DR Horton?

Anytime there is a discussion such as this it involves possible sensitive information that is viable to remain private... it is no secret that I am in lock step with the county on DR Horton not coming right behind Sonoma Verde... are you both saying you would like DR Horton to come?

Because... you would be asking me to publicly speak on what was discussed in the Executive Session...

Furthermore, anytime there is discussion with the City Attorney it is clearly now Attorney/Client privilege...

It is our duty to PROTECT the cities interest... which although you clearly do not support me or the council... we have to protect that level of a

The statement to make the claim I am not transparent all of a sudden is laughable...
Because I won't tell Will what was said in Executive Session...
Got it.

Oh, we absolutely know better...
You're hiding behind the ES.
I don't really care what happens to you, my concern is what happens to MC because of you and New's actions.

Bryan McNeal Mayor of McLendon-Chisholm I just had a question about this letter to the city, it has to be able to be released at a certain date, I just want to know what DRH is trying to do to the city, and don't twist words please we are all on the same side when it comes to DRH but definitely might have some different ideas on how to approach the issue at hand. You have been involved with this fight for awhile and I hope the county wins against DRH but I feel if they own the land it's a matter of time before they build regardless of how we feel as Rockwall County residents.

Will Blanchette I am sorry... we can not comment on this... and even more so in a Facebook post on social media.
Being the city is soon to be engaged in litigation... and the county already is...
You have to understand attorney client confidentiality...

There is no twist of words or slight of hand by myself or the city...
This is simply LAW... you were in law enforcement... did you post talks on a case when it was in investigation status to give the other side a blue print?
But I will say... stay tuned because... I can assure you... it isn't as you ended in your statement.
